## **WARRANTY**

For a period of eighteen (18) months from the date of shipment or twelve (12) months from start-up, whichever occurs first, Score Energy (SCORE Tricentric® and/or SCORE Valves) warrants that the equipment furnished shall be free of defects in material and workmanship under normal use and service, and when properly installed. Score Energy agrees to repair or replace F.O.B. point of shipment, such equipment, or any part thereof, previously furnished by Score Energy and actually found by Score Energy after inspection as defective, provided: (a) said equipment has been properly installed, operated and maintained in accordance with Score Energy's recommendations and specifications, and (b) Score Energy is notified in writing as soon as any such defect becomes apparent. Any claim with reference to the equipment for any cause shall be deemed waived unless submitted to Score Energy in writing within thirty (30) days from the date discovered, or should have discovered, any claimed breach. Unless agreed to the contrary by Score Energy in writing, any work done, material furnished, repairs or designs made by others, shall void the warranty.

Score Energy shall not be liable for incidental or consequential losses, damages or expenses, directly or indirectly arising from the sale, handling or use of the equipment, or from any other cause relating thereto, and Score Energy's liability in any case is expressly limited to the repair or replacement (in the form originally shipped) of equipment or any part thereof, or at Score Energy's election, to the repayment of, or crediting an amount equal to the purchase price of such equipment.

This warranty is expressly made in lieu of any and all other warranties expressed or implied including warranties or merchantability and fitness.

For any additional information regarding warranty, please contact the manufacturer, Score Energy Products Inc.
